

ALLSTAR

the intermediate aluminium basketball wheelchair

Developed with invaluable insight from a wealth of knowledge

Clubs and players called out for a mid-range aluminium basketball wheelchair – so we delivered. By consulting with a plethora of influential, experienced wheelchair basketball officianardo's, the AllStar was born. The combination of fixed features with controlled adjustment ensures the perfect balance of performance and versatility, meaning that you can continue to refine your setup as you constantly grow and develop as a player. Get the chair that will prepare you for greatness.

Technical specifications

The AllStar's simple adjustability teamed with the omission of unnecessary additional weight gives the perfect balance of lightweight and flexibility. It is the missing link between a beginners Club Sport to a more professional Elite – player development requires something that can be fine-tuned but also still made to your own specific measurements.

- Made to measure
- Suitable for 1 to 4.5pt players
- Intermediate
- Aluminium 7020 frame
- Product weight from 9.8kg
- Max user weight 100kg

Unrivalled performance

Only the best materials are used in your AllStar. Aluminium is famous for its strength, durability and is synonymous with lightness. The utmost best performance of your chair is ensured by only using elements produced by market leaders, alongside a staggering 19 quality checks throughout the build, from measure to handover.

- Optimised biomechanics for maximum power and efficiency
- Seating position to suit your sport
- Perfect toe in toe out for minimum drag
- Low friction castor wheel with less dirt pick up
- Many high performance wheel options available

Strapping

- Range of Ratchet and Velcro strapping to connect you securely to the frame
- Calf strap and toe strap supplied as standard
- Waist strap available for additional support

Frame Options

- Fixed axle with optional backrest COG adjustment system
- Single or double anti-tip
- Fixed or height adjustable backrest
- Fixed or removable sideguards
- Range of front wing designs

"The AllStar is the missing link between the Club Sport and the Elite. The option of fine tuning your position is very important in the player development"

Kevin Ogborne
